High School Degree.
Goal Oriented Academy - GOA Degree

I'm a passionate and determined programmer with a relentless drive for learning and growth. From the moment I began coding, I've been captivated by the endless possibilities that programming languages offer. Challenges fuel my motivation, and setbacks are merely opportunities for me to learn and improve. My goal is to become a full-stack developer, mastering both front-end and back-end technologies to create seamless and innovative solutions. With an unwavering commitment to excellence, I approach every project with enthusiasm and a never-give-up attitude. I'm excited to continue my journey in the world of software development, pushing boundaries and turning ideas into reality.
